I worked with Bipin at ADS. Bipin was a very special and caring individual. It's been more than 7 years since we have worked together but stayed in touch over the years. Bipin acted as my mentor and I often reached out to him for career advice. I spoke to him shortly before his passing. With his usual charm and warm demeanor, he selflessly offered his time and interest as we discussed the world of business and IT strategy. Bipin always expressed a keen interest in others and with that warm smile made anyone feel at peace. His loss is profound and I express the deepest of condolences to his family and loved ones.

Dear Kathy and the PN family, I have have been traveling internationally and was unaware of Bipin's passing until just yesterday. I can scarcely find the words to express my feelings. Bipin was a good man, a very good man...one that I was very proud to call a friend, a good friend. He was always eager to help or offer encouraging words. The world needs more people like Bipin and it will be different place without him. His smile was engaging, his wit & humor timely and always a gentleman. Please know that you are in my thoughts and prayers. God Bless you in this time of need.

Nine years of school together and in the "Tally Ho Pope House"... all now a fleeting memory . Shows us how fragile life is and how the unexpected occurs before we have time to say goodbye. Remember you contemplating if you should take up going to the US after our ISC as you were in two minds and we had many a long conversation over coffee discussing the pros and cons. Glad we met up again two years ago for our reunion. Wish you the very best and may the Lord give your family the strength to face this loss and may your memories always bring a smile to their faces as it does to us. Go well, good friend.

Bipin was one of my best friends in high school. He had a strong but kind heart, fierce determination and was a steadfast friend. We corresponded regularly by mail while he was in college in Ohio but only met face to face only at the US reunion of our class of '87. He was the same old Bipin and we reconnected immediately like we had never parted. We will miss him and his ready smile. --

When we met Bipin at our US Cottons reunion, it was enough time to reinforce the qualities we observed in high school: genuine, fun-loving, great story-teller and overall a special human being. My deepest sympathy to his family and may his fond memories give them peace and comfort. When the heart grieves over what is has lost, the spirit rejoices over what it has remaining.

Bipin. - It was a pleasure to meet you in our recent school reunion. I remember you came especially for it from the US.Going to back to school times, I have the fondest memories of you as a person and a fierce competitor in whatever you did. I especially remember the days when you would catch me very regularly at different gates for coming late that eventually I had no excuses. You would look at me and say 2 rounds and no excuses.No words can describe this loss especially to your family and loved ones. May your soul rest in peace my friend and may god give all the strength to the family to overcome this loss. Kunal Oberoi
