Hi!! I was just surfen' anourd for some facts about dog dancing in Austria (where I live), when I finally saw your shows from the crufts on youtube.My first thought: Amazing!My second thought: How to teach a dog something like this! I have a pug, her name is Mia and she actually just does something like twist, jumping over my arms, legs, into my arms, stuff like that. I think that a pug may cannot do some of these special tricks I saw now, wich are easier vor bigger dogs.In just a few minutes watching the videos and reading this website I became a great fan of you two! I really enjoyed watching your performance!Best wishes PS: I hope my English was okay (;##imported-begin##Slalu##imported-end##

Sherry, I don't know if you remember me or not, but I worked at Sycamore on 2 east when you were a nursing supervisor. I remember Cathy Trame and you were great friends, one of you were going to move away and then decided to stay because of your friendship. I remember standing at the counter talking about it. It was a very emotional time for you. I remember Vicky Barton helped me pass the telemety test a week before her passing. What a tragedy. That seemed so long ago.I never had the opportunity to meet Mike, but I'm so sorry to hear of your loss. May god bless you and your family in this time of sorrow.Linda##imported-begin##linda frankson##imported-end##
