I wanted the family to know how they are in my prayers. My deepest thoughts and prayers are with you. After my father died, I could not go to funerals anymore. I want to remember the person the way I do. Being with Kiser out on the bench, out on the back deck, just talking. He had so many stories and nice things to say about my parents, things I never knew. Seeing him downstairs with his music, or watching an old war film, which he loaned me when done. I will never forget him. I did not want to seem disrespectful, as I had the most respect for him. I just do not deal with death very well anymore. I saw too much of it. Kiser is well missed already. If there is anything I can do for the family, do not hesitate to ask. I am watching the house now. God Bless...##imported-begin##David Lutzweit##imported-end##

To my Aunts, Uncle, Mother, Cousins and the rest of my family, I am sorry for your loss and wish that I could be there to comfort you during this tough time. I will always remember Uncle Kiser as my uncle that was always quick with a smile and a joke. He always cared about those around him, and would go out of his way to help anyone that needed it. He will be missed by many, and I will carry his memory with me always.##imported-begin##Chris and Petra Oney##imported-end##
