“ I have sooo many memories of Denzel, Jewel and myself... One of my favorites, we were sitting at the Red Barn (our favorite coffee place) on a Sat. nite drinking coffee. That was about all we could afford back then. Denzel told me they were going to get married that spring.. We talked awhile ... then Denzel asked me why I was so quiet. Jewel and I had been thru several tradgedies our high school years that totally knocked the wind out of us. I told Denzel I wanted him to promise me he would Never hurt my friend and that was the only way I'd let them marry.. You would have thought he would have laughed me out of the booth.... but no.. he took a napkin from the table and hand wrote a contract saying exactly what I asked... He told me over Christmas he still had that napkin!!! What a dude.... That was the night I fell in love with Denzel and knew my friend would be ok.. I look forward to us all being back together again... Jewel and I already made plans before she left us on where we would meet in Heaven... Precious memories that I will carry with me until my time comes...

“ My earliest memories of Uncle Denzel and Aunt Marlene were from Stanton, Tx when I was just a kid. They took me and my brother to the bowling alley which was a really big deal to us in those days. They always made us feel very welcome whenever we visited. My husband Tim and I visited in San Antonio when Don Allen was a teenager, he was driving a jeep without the top which my kids thought was really cool. Uncle Denzel stayed up half the night cooking a beef brisket on the barbeque. My husband was so impressed he spent the next several years trying to make one like Uncle Denzel. Uncle Denzel really put up with a lot whenever us girls would visit them in Waynesville. He would treat us so special with welcome candies on our pillows and cards. We were certainly holding up our reputation as "goofy girls" Uncle Denzel never said a word, just fed us well and went to bed. He was like that and it was one of the things that made him special. Rest in Peace Uncle Denzel, we love you!

“ Don Allen and family, we are praying for peace and very fond memories for each of you. I know that Denzel is at home now, and is with Marlene, his mom and dad and sister. They are all celebrating and will look for us to join them one day. Denzel you are already missed and we rejoice at your reunion with everyone there. When I walk around Scenic Mountain and gaze over old Webb Air Force Base, I always think of the times you and I had there and our meeting our wives, and having the times of our lives. Your old pickup and my old caddy, what a team we were. God bless all of you. Ken and Pat Thomas
