Dear Andrea and Family,

We are saddened to hear of your Mother's passing. We remember her with fondness as far back as when we were neighbors in Clarksville. Arnold and I (Carole) were just little kids and we made mud pies on Grandma Moon's pump platform. Lottie just smiled but my Mother made us clean them up because Grandma was elderly. Lottie very graciously would show every kid in the neighborhood your Dad's airplane propeller.

Bill was also a neighbor near where your parents lived, and remembers the horse that was supposed to have been watered by Arnold and Vic, but they went downtown. Your Dad watered the horse then he heard the boys returning so your Dad hid in the ditch and shined a flashlight up under his chin and scared the boys so bad that one hit and hid in the ditch across the road and the other ran up through Helen Delver's garden and your Dad could hear him hit all the cornstalks as he ran! We pray that your precious memories will sustain you during this time.

Our prayers will be with you. We are sure too that all the congregation of her Church will agree that Lottie will have her mansion in heaven. God Bless you all.
